Alderman Donnarumma to Raise "Little Hell" on Lack of WPA Projects

"I am going to raise a little hell with the Board of Public Works if it does not approve some WPA projects for the Sixth ward," declared Alderman Walter Donnarumma, speaking at the regular meeting of the Common Council Tuesday evening in the city hall. The alderman from the Sixth ward, the floor just as the council was about to adjourn after transacting considerable business including the granting of the petition of Robert B. Van Gassebeck to place the former Dunlop blacksmith shop at 121 Wall street in the business zone, and adopting an ordinance to that effect.

Alderman Donnarumma said that his ward had not had any street or sewer projects since the inception of the WPA program in the city. The streets in the Sixth ward, he said, were in terrible shape and filled with holes, and he said he would like to invite the Board of Public Works to make a tour of that ward.

He said that the residents of his ward were too poor to afford the purchase of fine automobiles or big trucks, but it should not be forgotten that the big concerns of the city who used large trucks were forced to use the streets of the ward to connect between Broadway and Hasbrouck avenue.

Since he had been elected alderman, Donnarumma said, he had realized how little power the aldermen possessed.

Ask to Abolish

Alderman Donnarumma said that unless the board of public works approved some projects for the Sixth ward, he would ask to be abolished.

Although the attendance was not what it should have been, considering the importance of the matter under consideration, there was a fair representation from Kingston and the communities of Ulster county at the meeting held at the Governor Clinton Hotel last night to consider Ulster county's participation in exhibits in the New York state building at the coming World's Fair.

The lay-out of the building, arrangements of exhibits and their nature and extent were comprehensively explained by Hans F. Weber, coordinator of exhibits for the New York State World's Fair Commission. Mr. Weber has done similar work for several other countries and showed that he had every detail of the plan at his finger tips.

Also present at the meeting last night were Senator Arthur H. Wicks, chairman of the executive committee of the State World's Fair Commission, Mrs. Alton Brooks, Parker of the Women's Commission, and Albert Kurdt, Alan Hansen and Howard Grimm, the committee representing Ulster county.

Mr. Kurdt presided at the meeting and Ward Tongue acted as secretary.

Ulster county is one of four counties comprising Region 3 in the state building exhibits, the other three being Ulster, Sullivan, Orange and Rockland.

Mr. Weber, stating that there was a New York State appropriation of \$1,600,000 for the building and another of \$250,000 for the exhibits, said that the theme of the exhibit was a grand panorama of the state of New York. The building, which will be a permanent addition to the park, is a combination amphitheatre and exhibit building, with a roof seating 10,000 people and underneath two floors for exhibition purposes. In front of the building will be a one-story temporary structure. A feature of this building will be a relief map of New York state, 46 x 35 feet, showing a multitude of details of the state. The history of the state will be depicted in oil paintings, with 12 murals, each 8 x 20 feet. There will be an information booth in this building and also a travel booth. Provision will be made for distribution of booklets in the latter booth.

In the main building, there will be two rows of exhibits, separated by a 50-foot corridor. One of these will be devoted to regional exhibits, the other to exhibits of

12 Graduate From St. Ursula, Hear Msgr. Stanley Talk

Impressive Ceremony Held in St. Mary's School Hall—Scholastic Honors Announced

Twelve graduates of the Academy of St. Ursula were awarded diplomas Tuesday afternoon at impressive ceremonies held in St. Mary's School Hall. This was the first year that the exercises have been held outside of the academy. The graduates were the Misses Elizabeth A. Bennett, Helen R. Churchwell, Phyllis E. Craft, Mildred M. Crantz, Dorothy A. Diamond, Helen A. Donovan, Elizabeth A. Flaherty, Ruth M. Murtha, Rose C. Norton, Helen E. Powers, Mary E. Ryan, Mary S. Weber.

The young ladies made an attractive picture in their long white dresses and carrying arm bouquets of pink roses as they sat on the platform against a background of silver gray. The floor of the stage was covered with green and on either side were baskets of red and white peonies. In back of the graduates were peonies, syringa and gladioli arranged to form an altar.

The members of the high school, also wearing white, sat on either side of the platform at the foot of the stage.

The Very Rev. Monsignor John J. Stanley, P.R., V.F., addressed the graduates as follows:

"Hath not the potter power over the clay, of the same lump to make one vessel into honor and another into dishonor?" Rom. IX:21.

"As we picture in our mind's eye the potter forming the clay, pressing it through his fingers, noting its different shapes and forms, and then guided by the master mind, it is plastic in the form desired. The plastic mind of the child is formed and molded in a similar manner to be a future vessel of honor or dishonor. With this thought in mind, the ever alert parents are anxious about their offspring, since they know that this is their duty, to educate their child. This duty becomes complex and they call to the teachers to whom they will entrust their child. What type of education? The mind of the church is perfectly clear—a Catholic education. We ask ourselves, in this claim of the church well founded? Do reason and experience testify to the prudence and necessity of her legislation? Is the church's idea of education a true one—a safe one?"

What do we mean when we say parents are bound to educate their children? We mean that they must develop the whole child—not one part of it. All its faculties must be developed or educated. Education means to draw out. The word comes from the Latin "educere," to draw out; to develop. That is the whole child must be developed; he must mature and perfect his every faculty. They must shape and mold the many-sided nature of the child in such a way to fit it for its duties to itself, its fellow-man and its God.

Rational Soul.

Man is an animal but the only animal on the face of the earth endowed with a rational soul. Hence to feed and clothe it is not enough. Nor it is enough to develop its mental faculties. Man is more than this. He is a moral being, a free agent, endowed with will, affections, with a conscience. He has duties in the moral order that far surpass the material. Unless man's moral nature is developed and strengthened, his

Two Giants Planes Baptized

Santa Monica, Calif., June 8 (AP)—Almost within the same hour, two of the largest and most powerful airplanes the world has known received their baptismal flights yesterday.

One, the "Atlantic Clipper," a winged boat designed to fly the oceans with as many as 72 passengers, was tested at Seattle.

The other, a Douglas 42-passenger landplane which embodies even more revolutionary features than the Boeing boat, was lifted off Clover Field here before an audience of 20,000 persons.

Eddie Allen, in command of the flying boat which ultimately is expected to bring London within 24 hours of New York and shrink the Pacific, said he was pleased with the performance of the four-engine, 6,000-horsepower clipper.

Dr. Abbott Dies Today At Cambridge Hospital

Dr. William Henry Abbott, 63, former Brooklyn physician and medical researcher, died at Cambridge, N. Y., today after a long illness, the Associated Press reports.

Dr. Abbott was injured in 1923 while fishing in the Round creek near this city and shortly afterward entered the Mary McClellan Hospital at Cambridge.

Born in Ivanhoe, Ill., February 25, 1875, Dr. Abbott joined Dr. E. Rodney Fiske in medical practice in Brooklyn in 1911, and with Dr. Ralph D. Harby, a Brooklyn dentist, engaged in research work in focal infection of the root canals of the teeth.

Dr. Abbott served on the medical staff of the Peck Memorial Hospital in Brooklyn and the Brooklyn Nursery and Infants' Hospital.

He was a member of the Brooklyn Pediatric Society, The Medical Society of Kingston, The Kings County Homeopathic Society and the Alpha Medical Society of Brooklyn.

Survivors include his widow, Mrs. Grace Mercer Abbott; a daughter, Miss Sarah Grace Abbott, of Hudson, and a son, George Mercer Abbott, of Cambridge.

Big Bill Freeman Is Held to Await Grand Jury Action

Freeman Wright, negro soldier stationed at West Point, better known to local boxing fans as Big Bill Freeman, was held to await the action of the grand jury by Judge Cahill in police court.

Big Bill was arrested at West Point by the local police on a warrant charging him with rape in the second degree on the complaint of a colored girl of this city.

Big Bill when first arraigned in police court decided he wanted the hearing adjourned so he could engage the services of an attorney, but later changed his mind and waived the preliminary hearing in police court and was held for grand jury action. Bail is to be fixed by the county court.

Stevens Arrested

Kenneth A. Stevens of Princeton, N. J., was arrested Tuesday evening on a charge of driving an automobile while intoxicated. The arrest followed a collision between his car and one driven by Morris Goldman, local taxi driver.

It is said that Stevens did not stop following the crash and was pursued in another car and baited.

Other Cases

Richard Young, of 159 Hunter street, was arrested on a warrant sworn out by Edward Crough, a foreman on the WPA, charging Young with assault in the third degree. This morning a sentence of 30 days in jail was imposed, but the serving of the sentence was suspended.

Thomas Redmond of Boston, Mass., was fined \$3 for public intoxication.

Supervisors Give '3-Ring Headache' Taxpayers Relief Is 'Greatest Show And Then Adjourn On Earth' to North

Vote All Returned Unpaid Taxes for 1937 Be Received Without Interests on Penalties

At a special meeting of the Board of Supervisors called Tuesday evening Supervisor John Wadlin of Lloyd moved as an economy measure that all returned unpaid taxes for 1937 be received until October first by the county treasurer without the addition of interest or penalties other than the usual five per cent fee.

Under Chapter 468 of the laws of 1933 a Board of Supervisors may take this action in order to relieve the taxpayers of the excess burden placed through the imposition of additional interest and penalties where the town tax collector has returned to the county treasurer as unpaid taxes laid the previous year and collected during the current year.

By the action of the board of supervisors which was unanimous taxpayers who have not paid their taxes may have until October first to pay without the addition of any penalty or additional interest charge. The usual five per cent collection fee is all that will be added.

In offering a motion to adjourn subject to the usual three days' notice Supervisor Wadlin also carried the economy move directly to the door of the individual supervisor. Mr. Wadlin stated that since the meeting had been called for the purpose of extending the tax roll, an economy measure for the taxpayers of the county, that he believed every supervisor should waive the customary mileage for a special meeting. The meeting was called as an economy measure for the taxpayer and he moved that this be extended to the board members and that no mileage be allowed the supervisors. The motion was unanimously adopted.

Files Claim, Paid.

Chester Joy, of Kingston filed a claim for \$46 for damage to his automobile which he said was damaged on March 13 on the Binewater road when it struck earth and stone which had fallen to the road. County Attorney Roscoe V. Elsworth stated in a communication to the board that the claim had been investigated and he considered it a just claim. On motion of Supervisor Wadlin the claim was allowed.

A communication was read appointing Howard Grimm, Allan Hanstein and Al Kurdt as members of the Ulster County World's Fair committee. The appointment was made by Chairman Robert Snyder.

A communication was also received from County Superintendent James P. Loughran recommending that that section of the Pataunkunk road which runs from the top of the hill to the four corners in Kerhonkson village, which has been on the county map for construction, be removed from the map at this time. This action was recommended also by the State Department of Highways and it was suggested that later the route could be restored. The letter stated that in view of the fact that the county was at present unable financially to allocate funds for the construction of this short stretch of road that the route be taken from the map.

This is a short section of unimproved road in Wawarsing and Rochester which runs from the Pataunkunk road to the Kerhonkson village. There now exists an improved county road from Pataunkunk road to the Kingston-Ellettsville road. Since this is an improved road and the fact that the county was at present unable financially to allocate funds for the construction of this short stretch of road that the route be taken from the map.

The Douglas land plane sky-larked over Greater Los Angeles for 76 minutes before it set down at the Municipal Airport a few miles away.

Treasury Receipts

Washington, June 8 (AP)—The position of the treasury on June 8: Receipts \$24,916,057.30; expenditures \$4,028,366.55; balance \$20,887,690.75. Customs receipts for the month \$4,270,131.08. Record Peacetime Appropriations of Present Session

Public Debt Will Jump to \$15,000,000,000 by July 1, 1939—Limit Authorized by Law

Washington, June 8 (AP)—Appropriations in the current congressional session will reach the highest peacetime peak in American history.

Figures prepared by the House Appropriations Committee on bills pending or already enacted showed today the total probably will be between \$11,838,622,463 and \$12,281,394,764.

The previous record, except for world war years, was \$10,600,832,165 voted in 1938. That included \$2,237,000,000 for payment of the soldiers' bonus. Congress appropriated \$9,356,174,882 in 1937.

Two factors are responsible primarily for this year's increase:

1. The business recession compelled President Roosevelt to increase more than threefold his original recommendation of a billion dollars for relief of the unemployed.

2. The Social Security program has meant a billion-dollar addition to the government's permanent appropriations since last year.

The Legislators already have provided an extra \$250,000,000 for relief to be expended by July 1. The relief and public works bill to help the needy after that date carried \$2,317,300,000 in outright appropriations as passed by the Senate, but the final figure will be determined by a Senate-House committee.

\$13,500,000,000 Spending

Officials Report Poppy Day Sale Net Profit \$288

Mrs. Herman DuBols, chairman of the Poppy Committee, American Legion Auxiliary, and Harry L. Kirschner, commander of Kingston Post, No. 150, announce the following statement on Poppy Day Sales:

Total receipts \$550.10

Expenses

Cost of 7,000 poppies, arm bands, etc. \$247.00

Miscellaneous expenses including additional containers, printing, etc. 14.50

Total expense \$261.50

Net profit \$288.60

One half net profit paid into the Welfare Fund of the American Legion Auxiliary and the balance is paid into the Welfare Fund of Kingston Post, No. 150. The above item of \$247 is paid to the State Department which in turn sets aside a percentage of that sum toward the maintenance of the Veterans' Mountain Camp at Tupper Lake, pays for the poppy materials and also pays the hospitalized veterans for making the poppies.

Making the poppies is part of the occupational therapy program in many government hospitals, the small sum paid to veterans for the work providing the only income for many otherwise uncompensated disabled ex-service men.

"We are willing to take a wage cut to enable us to keep our jobs. As a ticket seller, I know how bad our business has been."

The Democratic vote was the greatest in the party's history, exceeding by more than 10,000 the previous high of 143,000 cast in 1934.

Gillette had polled 80,107 votes, more than 5,000 greater than the combined total of his four opponents, with only 11 of the state's 2,447 precincts still unreported. Wearin followed with 42,332.

In the Republican senatorial primary, former Senator L. J. Dickinson, defeated for re-election two years ago, polled 142,644 votes, with 16 precincts unreported. Representative Lloyd Thurston, his only opponent, received 108,921.

"Sliver of Maine" Not For Sale to Dominion

Augusta, Me., June 8 (AP)—Gov. Lewis O. Barrows of Maine was of the opinion today a Canadian lawmaker would not "get very far" with a proposal to have the dominion annex a "sliver of Maine."

"Apparently someone is trying to make the headlines in Canada," said the governor after being advised that J. F. Pouliot had submitted an annexation petition to the House of Commons in Ottawa on behalf of the Estcourt, P. Q., local of the "Catholic Farmers' Union."

A forest separates the part the Estcourt farmers would annex from the rest of Maine, and there is no communication with the region except through Canada.

Bi-Partisan Unit May Lead Gambling Issue at Conclave

Constitutional Convention Committee Decree of Death to Gambling Meets Disfavor Among Delegates

Albany, N. Y., June 8 (AP)—Possibility of a bi-partisan movement to force a constitutional convention floor vote on a proposal to lift New York's gambling ban developed today after a Republican-dominated committee decreed its death.

Linked by the committee's action, many Republicans and Democratic proponents considered throwing their support to a motion to discharge the measure from committee and put it before the convention for discussion and a vote. Such a motion would require approval of a majority of the 168 delegates, 92 of whom are Republicans.

Republican delegate Henry Hirschberg, Orange county district attorney and author of the measure, already has served notice he intends to attempt to move for discharge within the near future.

Eight Republican members of the bill of rights committee voted to pigeon-hole the proposal to remove the anti-gambling clause, along with another to specifically authorize the legislature to legalize lotteries, while all of the six Democratic members and sponsor Hirschberg balloted to report it favorably for floor debate.

Republican leaders make no secret of the fact that opposition from upstate rural areas and the Protestant and Catholic churches influenced defeat of the gambling proposals in committee. Bitter debate is assured should the way be cleared for a floor discussion.

Republicans Attacked

This development shared convention attention with the same committee's defeat of proposals supported by organized labor and designed to protect citizens from "unreasonable search and seizure" of private property. This action, a Democrat said, "shows the Republican party is still one of obstruction and against organized labor and civil liberties."

Meanwhile, public sentiment was sought at hearings on proposed amendments designed to empower the legislature to impose tolls on the barge canal, protect the right of municipal utility plants to use profits for governmental expenditures and clear the way for New York city acquisition of the privately operated transit lines of the B. M. T. and I. R. T.

Like Hirschberg, Democratic delegate John J. Dunnigan said he would move to discharge from the committee the "search and seizure" amendment.

3 Raids Today

Air-Raid Toll Since May 28 Estimated at 3,000 Dead; 5,000 Hurt

Canton, China, June 8 (AP)—A big fire burned furiously tonight after Japanese warplanes in their third raid of the day dropped incendiary bombs on this terror-stricken city, where the air raid toll since May 28 was conservatively estimated at 3,000 dead and 5,000 wounded.

Two American-owned properties, Linquams University and a Standard Oil storage plant, were struck by bombs in earlier raids today.

The United States consulate-general here was understood to have protested to the Japanese consul-general at Hongkong against the bombing of Linquams, principal Christian institution of higher education in the South China district.

Traver Reserves Decision Today On Riseley Motion

A motion was made this morning before County Judge Frederick G. Traver by William Riseley, attorney for Theron Townsend, justice of the peace of the town of Shandaken, for a dismissal of a complaint which has been brought against the justice by Raymond E. Enlist.

Enlist seeks to recover \$2,000 damages from Gordon Yerry and Justice Townsend in a civil action which is laid in county court. The plaintiff, Enlist, alleges that Judge Townsend wrongfully issued a warrant on information laid by Yerry following an automobile accident.

The motion of Mr. Riseley is made on the grounds that the justice's job exempts him from civil liability for any action taken provided the justice has jurisdiction in the case. He argued that Judge Townsend had jurisdiction in the present case and that as issued the requested information after Yerry had stated his grounds for a warrant.

The question as to whether a justice of the peace may be sued for the act of issuing a warrant, where after a trial the defendant is acquitted, is a question of importance to every justice of the peace in the state. The present action followed a warrant issued by Yerry to a constable to bring Yerry into court following an automobile accident. Yerry claimed that Enlist had driven his car at an excessive speed and not within control and caused an accident. That fact he laid before Justice Townsend. The information resulted in a warrant and a trial was had. Enlist was acquitted by a jury in Justice Townsend's court. Enlist then brought the present action to recover \$2,000 from Yerry and Justice Townsend. That action is in county court.

This morning Mr. Riseley moved for a dismissal of the complaint against Townsend, holding that it was impossible to hold a justice in a civil matter and that a justice was exempt from civil liability if he had jurisdiction in the first instance. Yerry claimed the car was damaged and the passengers injured.

J. G. Harper of Poughkeepsie opposed the motion, appearing for Enlist.

Judge Traver reserved decision.

Stamps In The News

By James B. Hatcher

The giant tortoise still roams untamed in only two places in the world—Ecuador's Galapagos islands in the Pacific and the Aldabra islands in the Indian ocean.

The Aldabras, a dependency of Britain's crown colony of Seychelles, lie 300 miles southwest of the Seychelles, and are nearer Kenya.

Any way, the big tortoise offers a distinctive subject for the new George VI Seychelles stamps, the islands' first pictorial set. His mate may be seen on the 10-cent stamp of Ecuador's Darwin commemorative issue of 1936.

The Seychelles series includes two other interesting designs. One shows the coco-de-mer palm which grows wild only on the Seychelles island of Praslin. The tree is often 120 feet high and its fruit is three times the size of a coconut.

The story goes that "Chinese" Gordon, the adventuresome general, thought Praslin's famous coco-de-mer valley was the original Garden of Eden site, and the coco-de-mer the forbidden fruit.

A fishing pirouette forms the third design. In the boat are three Creoles and two large basket traps, called casiers. Each design appears on five values of the 15-stamp set.

Sandjak Of Alexandretta

A new album page can be lettered "Alexandretta," now that this malarial district in northwest Syria has acquired its own stamps. The stamps are issues of Syria (9 regular postage, 8 airmails and 6 dimes) overprinted "SANDJAK D'ALEXANDRETTE" in red or black. Sandjak means district.

Alexandretta used to be part of the Turkish Levant, but after the World War it went with the French mandate of Syria, and became part of the Syrian republic. Turkey would not let the French force that most of Alexandretta's people are Turkish, and promoted the present self-governing set-up.

The two cities in the sandjak are biblical Antioch, old capital of the Roman empire in the Orient, and Alexandretta (Iskenderun in Turkish), which was named for Alexander the Great.

Alexandretta has a fine harbor, but is quite unhealthy. It is built on a marshy plain not far from the mountainous Taurus. The district's fertile valleys produce cotton, licorice, tobacco and citrus fruits.

For Hitler's Birthday
When the Reich's post office picked a design for Hitler's birthday stamp (he was 49 April 20), it chose a photographic portrait by Heinrich Hoffmann which was engraved by Prof. Richard Klein of Munich. The stamp was issued April 13.

The face value of this dull vermilion "special" is 12 pfennigs, with a surtax of 38 pfennigs destined for Hitler's cultural fund. The stamp first went on sale only in Germany proper, but may be used in Austria.

I., the troopers, with Deputy Sheriff Vredenburg picked up some half a dozen youngsters, all under 14, on charges of burglarizing a summer camp near Lattinova a couple of weeks ago. The boys are to be arraigned before Judge F. G. Traver in children's court.

The camp of City Judge Roosa of Beacon was entered when a rear window was raised. The boys took a quantity of food stuff, removed it to a barn and ate it up.

WNU "Goes" Separately.

New York, June 8 (AP)—John H. Perry, president of the American Press Association, said today Western Newspaper Union, of which he has acquired control, would be continued as a separate entity. The American Press Association represents more than 5,000 weekly newspapers for national advertising. Western Newspaper Union services weeklies and small dailies with news and features. Perry has succeeded in office H. H. Fish, president of Western Newspaper Union for 20 years.

To Extend Conscription

Praha, Czechoslovakia, June 8 (AP)—Sources close to the government said today Czechoslovakia had decided to extend her army conscription period from two to three years. The lengthened term of service will become effective October 1, they said, and will include recall to the colors for three months of those who completed their military duty October 1, 1937.

"Worst" Wind Storm.

Lake George, N. Y., June 8 (AP)—Adirondack Mountain residents and vacationists cleaned away today the debris of one of the worst wind storms in recent years. The storm hit the Lake George-Bolton Landing section hardest, uprooting trees, grounding high tension and telephone transmission lines and blocking highway travel for nearly three hours.

Will Meet on Friday

Washington, June 8 (AP)—A special House committee will meet Friday to prepare for a broad investigation of "un-American activities" in the United States. Representative Dies (D., Tex.), who sponsored the inquiry said the committee would look into reports of an "extensive foreign spy system" which informants had described.

9-Day Tours

Irun, Spain, June 8 (AP)—The Spanish Insurgent government announced today it would conduct nine-day tours through the battlefields of northern Spain as its first bid for tourist trade.

Stony Hollow Dance

There will be a dance Saturday night in St. John's Hall, Stony Hollow, for the benefit of the church, with music by Dietz's Cowhands. The patronage of the public is solicited.

Flashes of Life Sketched in Brief

(By The Associated Press)

Handicap
Pittsburgh—Joseph Pirukowsky, armless Johnstown, Pa., youth who writes better with a pencil clenched between his teeth than do most students in the normal way, won a Bachelor of Science degree today at the University of Pittsburgh. Pirukowsky lost his arms in an accident when he was four years old.

Bargain

South Bend, Ind.—St. Joseph county agreed to pave one-half of a border-line road while Marshall county paved the other.

Later the St. Joseph county commissioners discovered their crews had paved the Marshall half of the road. Now the Marshall commissioners suggest that St. Joseph abide by its agreement and pave its own half.

Big Business

Chicago—Donald Belo, 12, had business ideas all his own when he saw a saddled horse munching grass along the curb.

He led it about the neighborhood and charged children three cents a ride. Business was brisk until Donald asked a man to buy the horse for 50 cents. The man called a police. The animal had wandered away from nearby stables.

S. H. Putnam Dies

New York, June 8 (AP)—Sidney Haven Putnam, 58, retired partner of the book publishing firm of G. P. Putnam's Sons, died yesterday from a stroke of apoplexy. His widow, the former Dix Carruthers Connell, of Nashville, Tenn., survives. Also surviving are two brothers, Edmund Putnam, of Bronxville, N. Y., and Major Brock Putnam, U. S. A., stationed at Camp Custer, Mich., and two sisters, Mrs. Edmond Dehier and Miss Elizabeth Putnam, of this city.

"Reefers" Weed Destroyed.

Schenectady, N. Y., June 8 (AP)—Thousands of potential "reefers"—marijuana cigarettes—have been destroyed here. Richard A. Kelly, federal narcotic agent, said his agents had uncovered and destroyed a plot of half-grown marijuana plants, the weed from which the reefers is made.

Blizzard in Colorado

Colorado Springs, June 8 (AP)—Residents of this city at the base of Pike's Peak glanced at the calendar twice today to make sure it's June. Whistling blizzards on the 11,000-foot peak deposited six inches of snow on the ground and plunged the mercury to 46 degrees.

American Labor Party Meeting.

Reports from county committee of the Labor Party indicate that they are warmly received in the rural areas. These representatives, under the leadership of the County Chairman, Jacob Schneider, who are at present concentrating on the farming areas, find that the farmer has heard of the American Labor Party, and is deeply interested in learning what it can and will do for him. On Friday, June 10, at 8 o'clock at the Pythian Hall, 574 Broadway,

Kingston, a meeting of the American Labor Party will be held, at which a full report on activities in the county will be given. All members and friends of labor, or other interested citizens, are urged to come.

Townsend Prize Contest.

The Kingston Townsend Club will entertain the public tonight at Mechanics Hall, 14 Henry street. Four Kingston men and two ladies will be contestants in a prize speaking contest in which they will discuss in eight minute talks six aspects of the Townsend National Recovery Plan, the government, business, labor, the old people, youth, and the churches. The audience will decide by ballot who the prize winners shall be.

There will also be some enjoyable musical numbers during the evening. Admission free.

We know a spiritruff who made both ends meet by burning the candle at both ends.

OFFICE CAT

By Junius

Don't Dream
No matter how great a task it seems, there's really not much to it. Don't spend your time in idle dreams. Just find your job—then do it.

Teacher—If I write "n-e-w" on the blackboard, what does that spell?
Junior—New.

Teacher—Now I'll put "k" in front of it and what have we?
Junior—Cane.

God's Country
"Breathes there a man with a soul so dead,
Who never to himself hath said,
This is my own, my native land?"
—Scott.

Sure we've taken it on the chin! Sure we've had our dust-storms, drouths and depressions! So what? The gilt frame may have been broken, but the picture remains unchanged.

If you ever feel your knees getting a little shaky, try this simple experiment... repeat these words slowly:

"Before the world, I AM AN AMERICAN! I envy no man. I fear no man. No man has anything I covet. No man can take away from me anything that I have."

"Mine is a nation of youth, made out of a new kind of steel, alloyed with the blood stains of many people... not too stubborn to bend, but not strong ever to be broken."

"With its far-flung frontiers, mine is a land so broad, so rich in its hidden treasure, so vast in its resources, that, if we had to, we could build a fence around ourselves and live forever... alone."

"Mine is a people of common stature, uncured by class... vaccinated against all isms, cults and imported crackpot philosophies... noisy at a ball game, but dangerously silent in battle."

"My people think! Over the roar of wheels, in thundering subways, in factory and field, in the depth of mines amid the clank of tin dinner buckets, behind the drawn blinds of their thirty million homes, wherever they are, even now they are thinking... thinking out the answers that others cannot find. And, when the time comes, they speak... without stuttering."

"I am proud of American invention genius; if there had never been but just these few Americans... Franklin... Fulton... Bell... Edison and the Wright Brothers... this world still be the greatest nation in earth."

"But most of all I give thanks for American industry and for American business brains that have found a way to pay better wages... to work shorter hours... to pay more for their raw stuff... and still, with the help of mass production and mass distribution, give the people what they want at prices they can pay."

Postman (handing black-edged letter to Pat)—Looks like bad news, Pat.

Pat—Sure and begorrah, it's me poor brother, Mike, dead. I'd know his handwriting anywhere.

The little girl had done unusually good work in the second grade, and was promoted to the third. Upon meeting her former teacher, whom she loved dearly, her first words were: "I wish you knew enough to teach me next year."

Man About Manhattan

By George Tucker

NEW YORK—It has been a tiring but withal not unsatisfactory day... Saw Senator Gillette dining alone, as usual, at his favorite hotel. Although there are thousands of drugstores in New York, they are hard to find on Fifth avenue between 42nd and 110th streets. ... There are only one or two. ... The kids in the streets of Little Italy sing opera, just as they do in Venice and Rome. ... John Barbirolli, the conductor, smokes cigarettes during the day and a pipe at night.

So Lily Fox is back at her Norman farmhouse, at Silver Mine, Connecticut. ... It's a high roofed chateau overlooking the estate of Richardson Wright, editor of House and Garden. ... "The Gilded Lily" brought back two medals awarded her by the Belgian and French governments. ... "And now for a long rest, Mlle. Pons?"
"Only a month," she replies, "and then I leave for South America."

WILL someone kindly tell me whether Al Jolson's first name is Alfred, Alford, Albert, or Allen? ... It takes just 12 minutes to put through a long-distance telephone call from New York to Paris, Moscow, Vienna, London, or Berlin. ... The town, like every place else, has succumbed to the beer jacket. ... Saw one the other day worn by a gangling youth with this legend scrawled across the back, "The first Beer Jacket in Crawford County."

Signs of the Times: Window on 17th floor of Lexington hotel: "If you throw a lighted cigarette from this window you may take a man's life." On a shuttle train placard: "A gruff manner gets you nowhere fast. Be courteous." Everywhere you turn: "Visit New York World Fair, 1939."

The Margaret Mitchell who lives in Atlanta wrote "Gone With the Wind," but two Margaret Mitchells who live in New York are waitresses in a restaurant near Wall Street.

Fourth avenue vignette: Young man in slacks walking along with a sword in one hand and a Persian cat in the other. ... "I'm moving," he explains, "and the moving men took everything but these."

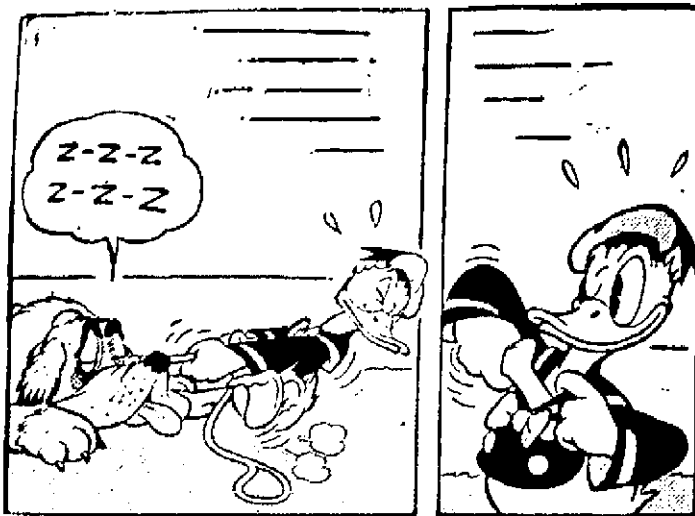

REPLY to a young man in Lufkin, Texas: "I should think talking crows would be a rarity around here. ... Can't suggest a likely purchaser, but you might get in touch with Billy Rose. ... He goes in for weird things occasionally."

And just 25 years ago today New York was a prosperous, peaceful metropolis. ... No one had ever dreamed of a World War, and a guy down in Mexico was beginning to build himself a reputation. ... His name was Pancho Villa. ... Remember?

Children's Day at Church.

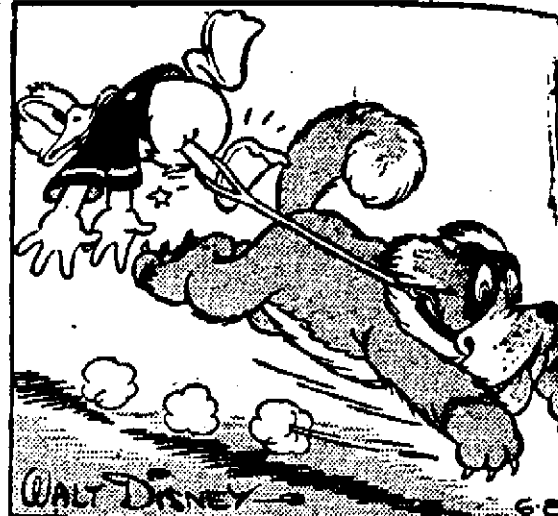

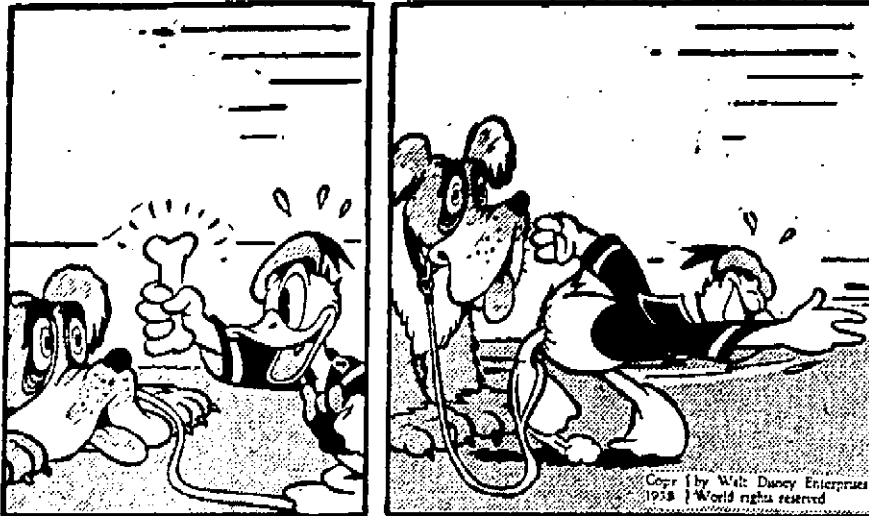

Sunday is Children's Day, and the Bible School Children's Day service will be held at the Albany Avenue Baptist Church at 11 o'clock, the hour of morning service. Mrs. Chester A. Greene is chairman of the committee in charge and a splendid program is being arranged. The different parts will include participation by the cradle roll babies, the kindergarten and the primary department. There will be also a pageant entitled "My Father's Business," in which the boys and girls of the school will take part and the new junior choir will sing the closing song. The superintendent, Evan J. Davis, will preside, and the offering will be for the Upstate Baptist Home at Oneonta. All members of the church and congregation of the church will unite in this annual Children's Day service.

Broadway: "The Adventures of Robin Hood." A legendary story that is part fact and part fiction colors the Broadway screen in this tale of the famed Robin Hood who hid himself away in Sherwood Forest with a band of loyal followers to harass a weakling king. Robbing the rich to help the poor and enjoying spirited and dangerous adventure at every turn, this film depicts the fight Robin Hood waged for the right and how he conquered injustice and won his Maid Marian at one and the

same time. Never was a story better adapted to screen drama and the producers, writers and director have made the most of it. Here is a play that should prove thrilling and enjoyable to everyone with its glamour and excitement and romance. Done entirely in Technicolor and with a cast of a thousand participating. "The Adventures of Robin Hood" is sheer entertainment and well worth the attention of movie audiences everywhere. Heading the cast is Errol Flynn along with Basil Rathbone and Olivia DeHavilland. Kingston: "The Lone Wolf in Paris" and "Accidents Will Happen". A suave crook film and a play that lectures dramatically on the fake accident racket make up

HOLLYWOOD—You don't have to be a champion swimmer to be a water heroine. In "Three Blind Mice," Loretta Young saves David Niven from drowning. In real life, Loretta has to dog-paddle furiously to save herself. A few other screen damsels who are much better in swimming suits than in swimming:

Alice Faye's in the pool, but not swimming.

the double features at the Kingston, the first with Francis Lederer and Frances Drake while the second is composed of a cast of featured players throughout.

Orpheum: "Stage Door." One of last year's most important motion picture offerings comes to the Orpheum in this tear jerking tale of those young women who seek fame in New York city's theatrical world. The struggle to climb the long hill to recognition is clearly and understandingly drawn and the entire play offers marvelous acting and well sustained suspense. Katherine Hepburn is perfect in the starring role and she is surrounded by a cast of talented players.

Miss Warren Honored
The Misses Elizabeth and Janet
Betz were hostesses at a kitchen
shower Tuesday at their home on
Pearl street in honor of Miss
Elizabeth Anne Warren whose en-
gagement to Lieut. Glenn Thomas,
U. S. A., was announced recently.
The shower was in the form of a
tea and bridge. Four tables were
in play. The hostesses were as-
sisted by Mrs. John D. Schoon-
maker, Jr. and Miss Josephine
Pratt.

Miss Lane Honored
Miss Anne Oppenheimer was
hostess at a surprise miscellane-
ous shower last Friday evening
given in honor of Miss Irene Lane
at the home of Mrs. Robert E.
Lane of Henry street. Miss Lane,
whose marriage to Frank Donnelly
will take place this month, was
the recipient of many beautiful
and useful gifts. The guests
present were the Misses Fansua
Hendricks, Alberta Davis, Vic-
toria Maroon, Sally Gallagher,
Mary Quigley, Sophia and Anne
Oppenheimer, Mrs. Zena Lane,
Mrs. Donald Wilkes, Mrs. Paul
Briggs, Mrs. E. M. Smith, Mrs.
Ward Tongue, Mrs. Harold Smith,
Mrs. Harold Broskie, Mrs. Freder-
ick Carpenter and Mrs. Allan
Coutant.

President's Council Meets
The first meeting of the presi-
dents of various women's orga-
nizations in the city was held
Tuesday afternoon in the Govern-
ment Clinton Hotel with the tem-
porary chairman, Mrs. Harry B.
Walker, in charge. From the

suggestion of the Federation of
Women's Clubs before the dis-
bandment it was voted to form a
President's Council which in the
case of the need for community
work will be organized to call the
aid of all the women of the city.
Mrs. Walker appointed a nomi-
nating committee which will report
its selection of a president, vice-
president and secretary at a later
meeting. Organizations in the
city that have shown an interest
in the President's Council are
Sorosis, Twentieth Century Club,
Olympian Club, the Ladies' Aux-
iliary of the Ulster County Tubercu-
losis Hospital, Home for the
Aged, Business Girls' Club, Elks'
Auxiliary, Catholic Daughters of
America, Hairdressers' Association,
Musical Society, Federation of
Parent-Teacher Association,
Married Women's Club, American
Legion Auxiliary and Alumnae
Association of the Benedictine
Hospital Training School.

Gem Society Banquet
On Monday evening, 23 mem-
bers of the Gem Society gathered
at the Kirkland Hotel for a fare-
well banquet given in honor of
Mrs. Albert Shultz, who is leav-
ing Kingston to take up her resi-
dence in Rosendale, where her
husband is engaged as pastor of
the Reformed Church.

The tables were decorated with
pink rose buds, and green and
white favors. After the banquet
the guests went to Mrs. Shultz's
home where they presented her
with a leather bag and a bouquet
of roses.

Local Men Receive M.D.'s
Two students from Kingston
will be graduated from the George
Washington University at the an-
nual commencement this evening
at 8 o'clock. The graduates from
Kingston are Bartholomew J. Dut-
to, of 42 Pine Grove avenue, and
Louis J. Goffredi of 163 Clinton
avenue, both of whom will be
graduated from the School of
Medicine with the degree of Doc-
tor of Medicine. Both Dr. Dutto
and Dr. Goffredi were graduated
from Catholic University of Amer-
ica in 1934 with the degree of
Bachelor of Science.

Garden Club Meets at Rosemont
The Ulster Garden Club met
Tuesday afternoon at "Rosemont"
the home of Mr. and Mrs. Theodor
Oxholm. The members were ad-
dressed by Mr. Oxholm who told
in a most interesting manner of
apply growing in Ulster county,
tracing the process through an en-
tire year. In addition there was
a display of flowers from gardens of
several of the members. Particu-
larly beautiful were the roses from
the garden of Mrs. William
A. Van Benschoten. Following
the meeting the hostess served
tea with Mrs. Charles Hall and
Mrs. Everett Fowler pouring.

Card Club Has Luncheon
Members of the Tuesday card
club had luncheon yesterday at
the Town House in Woodstock
with Mrs. Parker K. Brinnier as
hostess. Members present were
Miss Sarah Humphrey, Mrs. Louis
Kogler, Mrs. R. R. Gross, Mrs. W.
D. Hawk, Mrs. Eugene Freer, Mrs.
C. Ray Everett and Mrs. Copeland
Gates.

Miscellaneous Shower
Miss Mary Davis was given a
surprise shower Friday evening
at her home on Pine street in
honor of her approaching mar-
riage to Stanley Szymanski of this
city. The color scheme for the
shower was green and yellow. A
buffet luncheon was served. Those
present were Julia Naccarato,
Georgianna Hoddinott, Charlotte
Larkin, Mary Bandis, Ruby Hod-
dinnott, Joyce Davis, Mrs. S.
Szymanski, Mrs. Nettie Davis,

Stanley Szymanski.

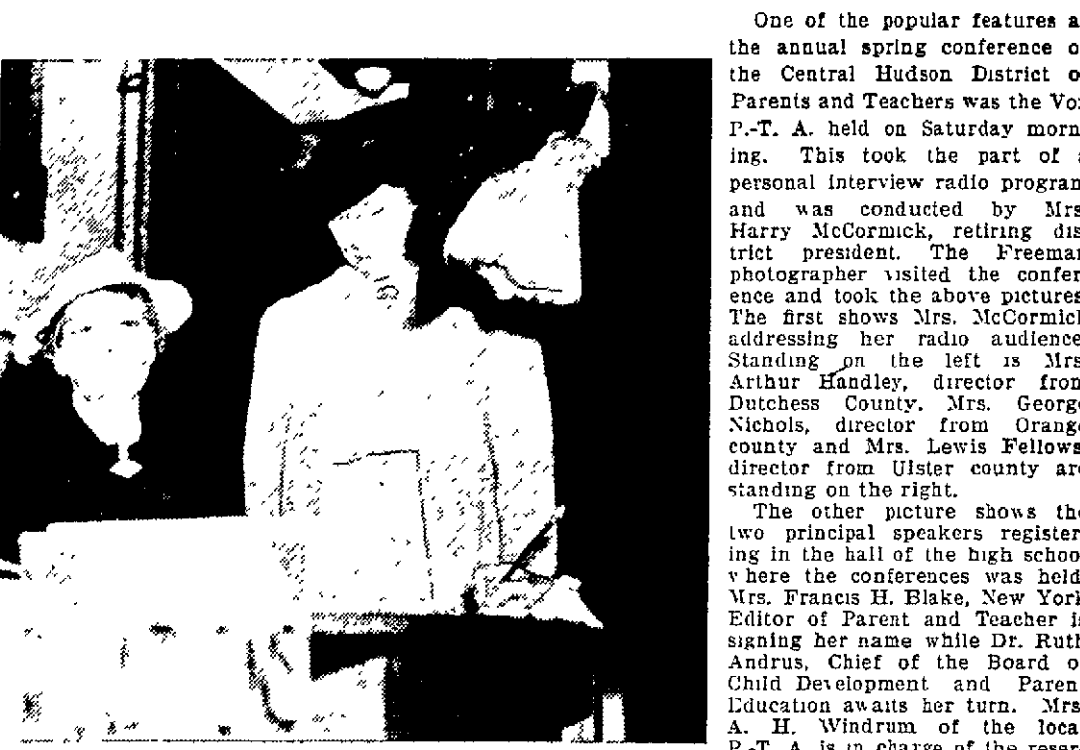

Strawberry Supper
The Hurley Parent-Teacher
Association will serve a straw-
berry supper Friday evening be-
ginning at 5:30 o'clock on the
grounds of the Town Hall. The
proceeds will be used toward the
purchase of a piano for the
primary department of the school.

Mills-Brink
Miss Rita Brink, daughter of
Mr. and Mrs. A. C. Brink of Ster-
ling street and Charles Mills, son
of Mr. and Mrs. Thomas Mills of
Pierpont street were married Sat-
urday morning at 10 o'clock in
St. Joseph's Church by the Rev.
Edmund J. Burke. They were at-
tended by Mr. and Mrs. Thomas
Danaher of Downes street. After
a wedding breakfast at Jack

If It's Color You Want—Go Mexican

There's excitement afoot—Mexico is invading kitchens these days! Have fun embroidering these lively tea towels—mainly in cross stitch. And don't forget to do them the Mexican way—in dashing colors! Pattern 6143 contains a transfer pattern of 7 motifs averaging 6 1/2 x 7 inches; materials needed; illustrations of stitches, "color schemes."

To obtain this pattern send 10 cents in stamps or coin (coin preferred); to the Kingston Daily Freeman, Household Arts Dept., 259 W. 14th street, New York, N. Y. Be sure to write plainly your NAME, ADDRESS and PATTERN NUMBER.

DO YOU GET YOUR MONEY'S WORTH?
TAKE THESE TIPS ON HOW TO BUY

Check Stockings for These Points

Mrs. Nash is a woman other women talk about. "She must have money to look so well," they say. The truth is—she buys wisely. She knows which clothes will keep their looks and fit—and which won't.

Watch her choose stockings—an item that costs you or me about \$2.64 a year.

She tests the top or welt to see if it will stretch to about 12 inches—as it should. She looks for a RUN STOP—which checks garter runs.

Next she sees if the stockings are full-fashioned—knitted to shape. If they are, the weave runs diagonally to the FASHION MARKS or small stitches near the seam on foot and leg. If the weave runs straight, the stockings are only stretched to shape—will bag after washing.

Other points to look for are cotton HEEL REINFORCEMENTS—which wear better than silk, a HIGH SPLICE and TOE BLOCK for extra strength.

Know, too, how long the leg of the stocking is. Have the sales-

girl measure the back of stocking from the very top of welt to bottom of heel, to be sure it corresponds in length to stockings you've found satisfactory in fit. The stocking foot should be 1/2 inch longer than your foot.

Should you buy "bargains"? Yes, if you know the answers to questions like these:

What's one sign of a quality dress? On a sheer dress, French seams. On heavier dresses—pinked, scalloped or bound seams. A bias cut. In fabric gloves? Reinforced finger tips.

Save dollars, look smarter! Shop with our new 40-page booklet, HOW TO GET THE MOST FOR YOUR MONEY, as your guide. Tips on fabrics, women's clothing, men's suits, jewelry, linens, luggage.

Send 15c for our booklet, HOW TO GET THE MOST FOR YOUR MONEY, to Kingston Daily Freeman, Home Institute, 109 West 13th Street, New York, N. Y. Write plainly your NAME, ADDRESS, and the NAME of book-

Joan Lovatt Is Legatee
New York, June 7 (Special)—Joan Lovatt of 24 Mill street, Kingston, receives approximately \$6,500 from the estate left by her grandmother, the late Ada B. 18 Construction Projects Approved By Highway Dept.

Approval has been granted by the Department of Public Works, Division of Highways, for 18 construction and re-construction projects which are a part of the county highway system. The 18 projects which have been approved are the projects which are continuations of roads on which work has previously been done and which were contained in the county road construction program for 1938 and adopted by the Board of Supervisors.

Approval of these 18 projects which will be carried on under the \$159,500 appropriations made by the board now brings the present year's road program as to continued construction on former routes, re-construction and maintenance to a point where work can shortly be commenced. All that remains to be approved or disapproved of the Board's road program is work on five new road projects.

These five projects have been added to the program and call for work on five routes upon which no work has previously been done have not yet received the official sanction of the state department.

County Treasurer Pine and County Superintendent of Highways James F. Loughran today received notification from the state department of approval of the 18 continuation projects. Official approval is given by letter from E. C. Lawton, Assistant Commissioner of Construction of the Department of Public Works, Division of Highways.

Criminal Work Probable Next Week in Court

Criminal work in County Court will probably be taken up next Tuesday afternoon at 2 o'clock. Jurors have been excused until Monday afternoon at 2 o'clock but because of the big Knights Templar parade which will be held on Monday afternoon at 3 o'clock and the fact that business places are closing so that employees may see the parade, there has also been a request that the court recess so that attorneys, court attendants, and jurors may also witness one of the biggest and most colorful parades which has been held in Kingston in many years.

This morning Judge Traver said that he probably would comply with the request and criminal work would come up Tuesday at 2 o'clock.

Army On Show

Aldershot, England, June 8 (AP)—Staging a display designed to aid recruiting and boost military pride, Britain's army tonight goes on show in the 11-acre Aldershot area in its annual "Aldershot" tattoo. Promoters of the tattoo, which aids military charities, expect to better last year's 622,000 spectators by offering spectacular displays of the latest mechanized equipment and pageants of early English history.

Statute Almost Completed

Praha, Czechoslovakia, June 8 (AP)—The long-awaited minorities statute which the government has been preparing for the purpose of pacifying Czechoslovakia's minorities, including 3,500,000 Sudeten Germans, is almost completed, it was said today. Minor affairs between Czechoslovak soldiers and members of the German minority continued but in general the tense situation appeared relaxed.

Beer Bottles Galore

Some one is using the Elmen-dorf porch at 16 Prospect street as a depository for empty beer bottles. For the past two months when members of the family go out on the porch in the morning it is to find the railing lined with empty beer and whiskey bottles. This practice is proving annoying and the police department has been asked to catch the one using the porch to store empty bottles.

Theatre Association

The Ulster County Theatre Association will meet Thursday evening at 8 o'clock at the Y. M. C. A. when an address will be delivered by John Pasciuppi, a journalist, whose topic will be "Civic Culture Here and Abroad—A Comparison." All who are interested are invited to attend the meeting.

Avenues Of Fashion with Esquire AND HINTS FOR FATHER'S DAY GIFTS

Here's to the "Guv'nor!" All year 'round he gives and gives. Father's Day is his time to get so let's not leave him holding the bag this time. Consider some of these gifts—selected by experts as suggestions to help you make Dad happy and really put him on the receiving end for once.

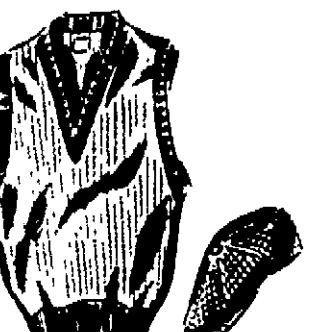

Here's a new tie holder with an animal figure that anchors the tie to the chain and you see only the figure. The cuff links are new and very good looking.

Four different patterns in socks—any one or all of which are suitable.

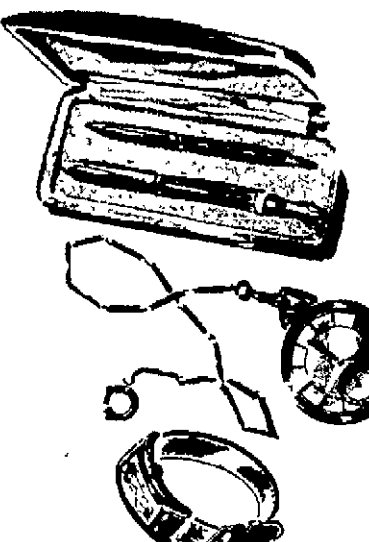

A pipe smoker always welcomes additional accessories. Here's a fabric pouch with an oil-skin lining and a pipe compartment. In the pouch itself. The pipe rack is compact and convenient and carries a holder for cleaners.

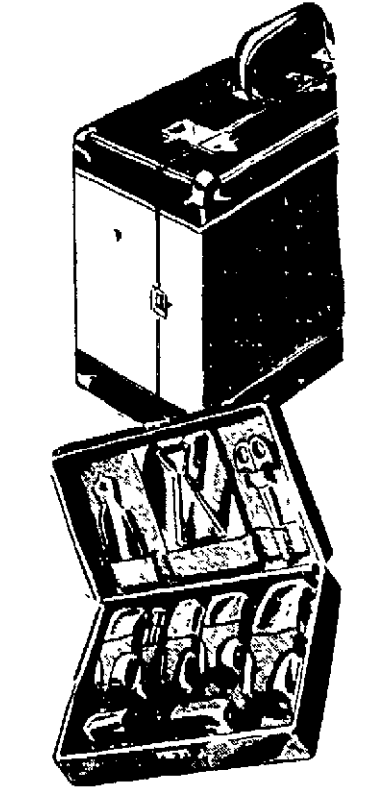

A lightweight V-neck sleeveless pullover is excellent for spring wear. The new shaped cap shown here is having great success and is becoming very popular for all sporting occasions.

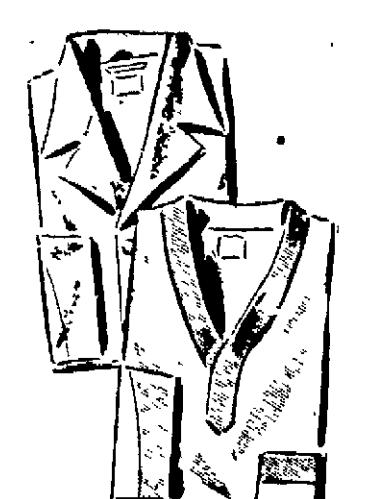

A striped flannel robe is excellent for year-round wear, cozy in the winter and perfect for the beach.

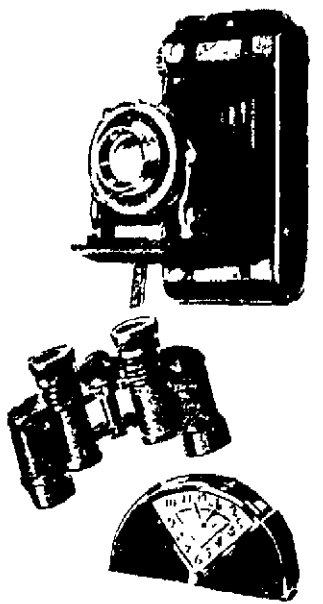

Jewelry items such as a pocket watch and heavy link chain, or a smart wrist watch are knockout presents. This one fits on the side of the wrist—a new idea in attractive present is a fountain pen and pencil set.

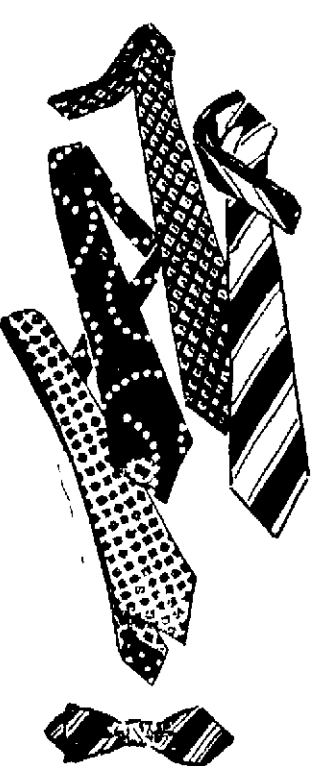

If he travels occasionally he will be sure to welcome a new piece of luggage. Here's a smart new suitcase and a fitting toilet case in the 1938 tradition.

Pajamas in the coat or middie style make excellent presents and you can be sure he'll welcome them.

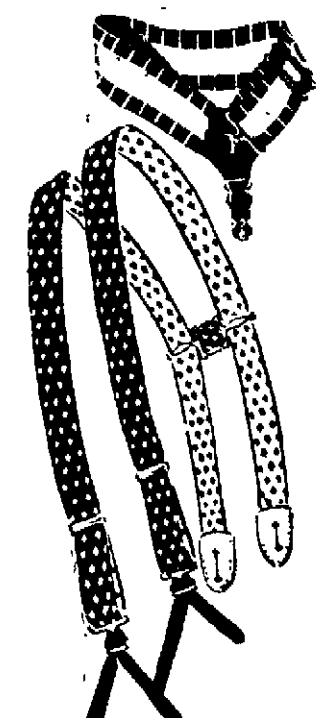

A camera, a pair of binoculars or a good looking traveling clock are lasting reminders and mementos and will please any man.

If you want to and try, you can choose his ties as well as his hat. Here are a collection of new patterns for town and country wear—and don't forget bow ties for the summer.

Shirts are a practical present as long as you make sure of his correct neck size and sleeve length.

Belts, suspenders and garters are sure-fire presents and he is practically certain to need new ones.

Ulster's Part In World's Fair

areas. The governmental exhibits will be on the upper floor. Murals, and more murals, will feature these exhibits, depicting sports, historic sites and buildings, industries, etc. There is also provision for busts of prominent personages (they must be dead, said Mr. Weber). Suggestions for this feature, by those present, included the names of George Clinton, John Vanderlyn and Judge Alton B. Parker.

Outstanding in this building will be the large diorama of Niagara Falls, which Mr. Weber said would be a perfect reproduction of this famous scenic wonder, with various lighting effects, etc.

Mr. Weber said that the idea of the exhibit was to secure a panorama of the life and history of the county—its sports, its arts and crafts, its industries, its prominent people, its agricultural activities and its history.

Wanted are good sharp photographs, at least 5x7, of people, places, industries (interior views), sports and the like. It was stated that at least 250 such pictures were desirable (for Region 3) from which number a selection could be made of those most suitable. July 15 is the "dead line" for the submission of these photographs. Ultimately these pictures will be used for production of photo-murals. Suitable models, museum pieces, etc., are also wanted.

In order to get action as soon as possible on the various lines of exhibits the following were named as chairmen of committees to secure exhibition materials: Sports, Edward M. Huber, of Rosendale; Historical subjects, Judge G. D. B. Hashbrouck; Industries, Allan L. Hanstein; Arts and Crafts, Mrs. Alton B. Parker; Photographs, W. W. Fredenburgh; Agriculture, C. C. Dumond.

Those wishing further information regarding exhibits, or having articles or suggestions may get in touch with Albert Kurdt, chairman of the Ulster county committee, at the Farm Bureau office, 74 John street, Kingston.

To every son and daughter in town:

LOOK AT ME! Each June my kids sit up nights figuring out a Father's Day gift for me that's different. I've gotten a mandarin robe, a Turkish water-pipe and Indian clubs.

What I really want is an Arrow Shirt!

I say Arrow because its collar sits better, its buttons never come off. It's tailored to your shape. And it's Sanforized—guaranteed not to shrink!

Be kind to your Dad—get him an Arrow shirt, or two or three.
